PLEASE READ THE FOLLOWING IMPORTANT INFORMATION

- You should test the functioning of your unit periodically or a diluted baking soda solution and expose the area to fresh air as soon as possible.
- Do not apply salves, creams, oils or lotions as they can trap the irritant against the skin and result in blisters or burns.
- Consult a physician if irritation persists.

LEGAL REQUIREMENTS

- Possession and/or use of defense sprays may be regulated or prohibited by law in some jurisdictions. If there is any question, check with your local police department. This unit is designed for defensive purposes only and may not be possessed or used by a person under the age of 18.

SAFETY AND STORAGE

In light of the potential for serious irritation and, in extreme cases, of first and second degree burns, it is important to keep your unit out of the reach of children and responsible adults. Do not store it in an environment where the temperature may exceed 120°F as the unit may leak from over pressurization and fail to function properly.

Each unit is marked with an expiration date, after which it should be discarded. Dispose of in accordance with state, local and federal regulations. Do not puncture the unit since its under pressure and will discharge if punctured. Do not inhale.

FIRST AID

CAUTION: FAILURE TO FOLLOW THESE INSTRUCTIONS MAY RESULT IN FIRST OR SECOND DEGREE BURNS, SEVERE SKIN IRRITATION, DEPIGMENTATION OR OTHER SKIN INJURY.

- Remove contact lenses and contaminated clothing immediately. Contaminated clothing should be cleaned prior to re-use to prevent skin injury.

HOW TO USE

- When you sense that you are in a potentially dangerous situation, remove the safety pin from the unit, grip the handle with your thumb on the actuator button. Point and spray short bursts at your assailant, aiming for the facial area. The formulation is most effective on contact with the eyes. The unit is designed to be actuated in short bursts aimed at the face. When actuated, the irritant agent will issue from the unit a distance up to approximately 25 feet. Avoid spraying directly into the wind. Use the unit in the upright position only, otherwise it may not function properly then or afterwards.
