Invisible UV Dye helps police identify your attacker

Pepper Foam

Magnum 4 model

net weight 113g

with safety flip-top

CAUTION STRONG IRRITANT CONTENTS UNDER PRESSURE

Read additional cautions on back - Not for sale to minors

**CAUTION: Defense sprays may take several seconds to work and may not be effective on enraged, drugged, or intoxicated people or against armed assailants. Please read the following important information:**

You should test the functioning of your unit periodically by discharging one or two short bursts outdoors in a safe area away from all persons and animals in the vicinity. Take care that you do not exhaust the contents of the unit you intend to rely upon.

■ Your best protection is to avoid potentially dangerous situations if you can. Always be aware of your environment and the people around you. Be especially alert after dark. Do everything you can to escape from an assailant before resorting to the use of your defense spray.

**HOW TO USE**  
 ■ When you sense that you are in a potentially dangerous situation, have your unit in hand and ready to use. The flip top safety cap will prevent access to the actuator button if you're holding the unit backwards. This feature helps you properly orient the unit, even in the dark or under stress, so it's ready for use when needed. Slip your thumb under the flip-top safety cap and be ready to spray the assailant by pressing down on the actuator button with your thumb. Point and spray short bursts at the face area of your assailant. The formulation is most effective on contact with the eyes. Continue to spray until the attacker is incapacitated, then move to a safe place as quickly as possible. Do not attempt to take the attacker into custody—you may be injured if you do. Contact the police when you are safely away. The unit is designed to be actuated in short bursts aimed at the face. When actuated, the irritant agent will issue from the unit a distance up to approximately 10 feet. Avoid spraying directly into the wind. Use the unit in the upright position only, otherwise it may not function properly then or afterwards.

**FIRST AID**  
**CAUTION: Failure to follow these instructions may result in first or second degree burns, severe skin irritation, depigmentation or other skin injury.**  
 ■ Remove contact lenses and contaminated clothing immediately; contaminated clothing should be cleaned prior to re-use to prevent skin injury.  
 ■ Flush contaminated area with large quantities of cool water or a diluted baking soda solution and expose the area to fresh air as soon as possible.  
 ■ Do not apply salves, creams, oils or lotions to the irritated area until the irritant agent has been removed. Skin and result in blisters or burns.  
 ■ Consult a physician if irritation persists.

**LEGAL REQUIREMENTS**  
 Possession and/or use of defense sprays may be regulated or prohibited by law in some jurisdictions. If there is any question, check with your local police department. Under current FAA regulations, this unit is permitted in checked baggage only. Do not carry this unit on your person or stow in your carry on baggage. For additional information, please visit www.tsa.gov. This unit is designed for defensive purposes only and may not be possessed or used by a person under the age of 18.

**SAFE AND STORAGE**  
 In light of the potential for serious skin irritation and, in extreme cases, of first and second degree burns, it is important to keep your unit out of the reach of children and vary from state to state. Some states do not allow the limitation on an implied warranty, and you may also have other rights which use. This warranty gives you specific rights, and you may have other rights or warranties. Mace will not be responsible for the result of careless handling or unreasonable use. If you would like to learn more about Mace brand products, please visit us online at www.mace.com.

**ALMACENAMIENTO Y SEGURIDAD**  
 Esta unidad está diseñada con el propósito de servir como defensa personal solamente y no puede ser poseída o usada por personas menores de 18 años de edad.  
 Esta unidad está permitida ser transportada en las Aviation Administration por sus siglas en inglés). Bajo las regulaciones actuales del FAA (Federal Aviation Administration) de policía local consulte con el departamento de policía local para ley en algunas jurisdicciones. Si tiene dudas, personal pueden estar regulados o prohibidos para el uso de los aerosoles para defensa personal y uso de los aerosoles para defensa personal.  
**REQUERIMIENTOS LEGALES**  
 La posesión y uso de los aerosoles para defensa personal y uso de los aerosoles para defensa personal pueden estar regulados o prohibidos para el uso de los aerosoles para defensa personal y uso de los aerosoles para defensa personal.  
**PRECAUCIÓN: El no cumplir con las siguientes instrucciones, puede resultar en serias quemaduras de primer o segundo grado, irritación severa de la piel, descoloración y otros daños a la piel.**  
 ■ Remueva las lentes de contacto y la ropa contaminada inmediatamente. Lave o contámanela inmediatamente antes de usarla nuevamente. Debe ser lavada antes de usarla nuevamente para prevenir daños a la piel. Enjuague el área fresca o bicarbonato de sodio disuelto y exponga el área al aire fresco lo antes posible. NO APUNTE UNGÜENTOS, CREMAS, ACEITES O LÓTIONES, ya que puede atrapar los agentes irritantes contra la piel.  
 ■ Consulte a un médico si la irritación persiste.

**PRECAUTION: El aerosol de pimenta para defensa personal puede tomar algunos segundos en funcionar y quizás no sea un método efectivo de defensa contra gente enfurecida, drogada o intoxicada o contra asaltantes armados. Por favor lea la siguiente información importante:**

Usted debe probar periódicamente el funcionamiento de su unidad, descargando una o dos ráfagas cortas sobre el rostro de su asaltante. La fórmula es más efectiva al entrar en contacto con los ojos. Continúe rociando hasta que su asaltante quede incapacitado, luego retírese a un lugar seguro y reportado a las autoridades apropiadas. No intente restringir o dañar al asaltante por sus propias cuenta - podría causar lesiones. Contacte a las autoridades en cuanto se encuentre asaltado.

**INSTRUCCIONES DE USO**  
 Cuando sienta que está en una situación potencialmente peligrosa, mantenga la unidad lista para usar. La tapa de seguridad abre la unidad y evita la liberación de aerosol si la unidad se agarra al revés. Estas características le ayudarán a orientar la unidad correctamente, incluso en la oscuridad o bajo una situación estresante, estando así, siempre lista para usar.  
 ■ Deslice su pulgar por debajo de la tapa de seguridad y estés listo para atacar a su asaltante presionando el botón de liberación de aerosol con su dedo pulgar.  
 ■ Apunte y rocíe descargas intermitentes en el rostro de su asaltante. La fórmula es más efectiva al entrar en contacto con los ojos. Continúe rociando hasta que su asaltante quede incapacitado, luego retírese a un lugar seguro y reportado a las autoridades apropiadas. No intente restringir o dañar al asaltante por sus propias cuenta - podría causar lesiones. Contacte a las autoridades en cuanto se encuentre asaltado.
