CAUTION:

Defense sprays may take several seconds to work and may not be effective on enraged, drugged or intoxicated people or following important information:

- You should test the functioning of your unit periodically by discharging one or two short bursts outdoors in a safe area away from all persons and animals in the vicinity. Take care that you do not exhaust the contents of the unit you intend to rely upon. ■ Your best protection is to avoid potentially dangerous situations if you can. Always be aware of your environment and the people around you. Be especially alert for serious skin irritation and, in extreme cases, of first and second degree burns, when you are in a potentially dangerous situation, have your reach of children and irresponsible adults. Do not store it in an open, locked position to the ready position. You are now ready to spray the assailant by pressing down on the actuator button with your finger. Point and spray short bursts at the facial area of your assailant. The formulation is most effective on contact with the eyes. Continue to spray until the attacker is incapacitated, then move to a safe place as quickly as possible. Do not attempt to take the attacker into custody—you may be injured if you do. Contact the police when you are safely away. The unit is designed to be actuated in short bursts aimed at the face. When actuated, the irritant agent will issue from the unit a distance up to approximately 10 feet. Avoid spraying directly into the wind. Use the unit in the upright position only, otherwise it may not function properly then or afterwards.
- FIRST AID**
CAUTION: Failure to follow these instructions may result in first or second degree burns, skin irritation, depigmentation or other skin injury.
 - Remove contact lenses and contaminated clothing immediately. Contaminated clothing should be cleaned prior to re-use to prevent skin injury.
 - Flush contaminated area with large quantities of cool water or a diluted baking soda solution and expose the area to fresh air as soon as possible.
 - Do not apply salves, creams, oils or lotions as they can trap the irritant agent against the skin and result in blisters or burns.
 - Consult a physician if irritation persists.
- LEGAL REQUIREMENTS**
Possession and/or use of defense sprays may be regulated or prohibited by law in some jurisdictions. If there is any question, check with your local police department. Under current FAA regulations, this unit is permitted in checked baggage only. Do not carry this unit on your person or stored in your carry on baggage. For additional information, please visit www.tsa.gov.
- CAUTION: Failure to follow these instructions may result in first or second degree burns, skin irritation, depigmentation or other skin injury.**
Do not allow time limitations on an implied warranty, or the exclusion or limitation of incidental, or consequential damage, so that your unit shall be free from defects in materials and workmanship which arise prior to the expiration date shown on the unit. Any implied warranties, including those of merchantability or fitness for a particular purpose are also limited to the expiration date shown on the unit and for any purpose other than self-defense contents are dangerous under the law. The expiration date following the expiration date, or a failure occurs due to materials or workmanship, Mace will replace a defective unit returned to Mace within 60 days of the expiration date shown on the age of origin. If either or anyone who has been convicted of a felony or assault is illegal. Violators may be prosecuted under the law. If you would like to learn more about Mace brand products, please visit us online at www.mace.com.

PRECAUTION: El aerosol de pimienta para defensa personal puede tomar algunos segundos en funcionar y quizás no sea un método efectivo de defensa contra gente enfurecida, drogada o intoxicada o contra asaltantes armados. Por favor lea la siguiente información importante:

- Usted debe probar periódicamente, fuera del alcance de los niños y de adultos irresponsables. No almacene la unidad en ambientes donde la temperatura exceda los 48° C (120° F) ya que el calor puede causar presurización y fuga del aerosol lo que causará que la unidad falle en funcionar apropiadamente.
- Suma protección es vital para situaciones potencialmente peligrosas en lo posible. de extracción, pasada esa fecha la unidad debe ser descartada y de acuerdo a las instrucciones locales, estatales y federales, especialmente alerta después del anoche- cer. Haga todo lo posible por escaparse de un asaltante antes de recurrir al uso de su aerosol de pimienta.
- Cuando sea que estas en una situación potencialmente peligrosa, mantenga la unidad a mano y lista para usar. Gire para destabar el botón de liberación que rocía el asaltante, presionando el botón de liberación con su dedo. Apunte y rocíe descargas intermitentes cortas sobre el rostro de su asaltante. La fórmula es más efectiva al entrar en contacto con los ojos. Continúe rociando hasta que su asaltante quede incapacitado, luego retirese a un lugar seguro lo más rápido posible. No intente restringir o detener al asaltante por su propia cuenta - podría lesionarse. Contacte al departamento de policía una vez que se encuentre a salvo. La unidad esta diseñada para rociar descargas intermitentes cortas al área del rostro. La descarga del agente irritante alcanza a los 3,0 m de distancia. Evite rociar directamente de frente al viento. Utilice la unidad en posición vertical solamente, de lo contrario, se corre el riesgo de que la unidad no funcione debidamente al momento de usarse o en el futuro.

PRECAUTION: El no cumplir con las siguientes instrucciones, puede resultar en serias quemaduras y alamacnamiento
quemas graves de primer o segundo grado, irritación de la piel, descoloredación y otros daños a la piel.
■ Remueva las lesiones de contacto y harop contaminada inmediatamente. La ropa contaminada debe ser lavada antes de usarse nuevamente para prevenir daños a la piel. Enjuague el área contaminada con grandes cantidades de agua fresca o bicarbonato de sodio disuelto y exponga el área al aire fresco lo antes posible. NO Aplique Ungüentos, Cremas, ACEITES O LOCIONES, ya que puede atapar los agentes irritantes contra la piel causando quemaduras y ampollas. Consulte a un médico si la irritación persiste.- Renuelva la unidad con el propósito de servir como defensa personal solamente y no puede ser usada o usada por personas menores a los 18 años de edad. Como este producto puede causar irritación de la piel severa y en casos extremos, hasta quemaduras de primer y segundo grado, es importante mantener la unidad segura y lista para su uso.
- Si tiene dudas, consulte con el departamento de policía local.
- Bajo las regulaciones actuales del FAA (Federal Aviation Administration), por sus siglas en inglés, esta unidad esta permitida ser transportada en las maletas solamente. Para mas información visite la página www.tsa.gov.
