

**CAUTION:**

Defense sprays may take several seconds to work and may not be effective on enraged, drugged or intoxicated people or against armed assailants. Please read the following important information:

- You should test the functioning of your unit periodically by discharging one or two short bursts outdoors in a safe area away from all persons and animals in the vicinity. Take care that you do not exhaust the contents of the unit you intend to rely upon.
- Your best protection is to avoid potentially dangerous situations if you can. Always be aware of your environment and the people around you. Be especially alert after dark. Do everything you can to escape from an assailant before resorting to the use of your defense spray.
- HOW TO USE**
- When you sense that you are in a potentially dangerous situation, have your unit in hand and ready to use. Rotate the glow-in-the-dark actuator button from the locked position to the ready position. You are now ready to spray the assailant by pressing down on the actuator button with your finger. Point and spray short bursts at the facial area of your assailant. The formulation is most effective on contact with the eyes. Continue to spray until the attacker is incapacitated, then move to a safe place as quickly as possible. Do not attempt to take the attacker into custody—you may be injured if you do. Contact the police when you are safely away. The unit is designed to be actuated in short bursts aimed at the face. When actuated, the irritant agent will issue from the unit a distance up to approximately 10 feet. Avoid spraying directly into the wind. Use the unit in the upright position only, otherwise it may not function properly then or afterwards.

**FIRST AID**

**CAUTION: Failure to follow these instructions may result in first or second degree burns, severe skin irritation, depigmentation or other skin injury.**

- Remove contact lenses and contaminated clothing immediately. Contaminated clothing should be cleaned prior to reuse to prevent skin injury.
- Flush contaminated area with large quantities of cool water or a diluted baking soda solution and expose the area to fresh air as soon as possible.
- Do not apply salves, creams, oils or lotions as they can trap the irritant agent against the skin and result in blisters or burns.
- Consult a physician if irritation persists.

**LAW REQUIREMENTS**

Possession and/or use of defense sprays may be regulated or prohibited by law in some jurisdictions. If there is any question, check with your local police department.

Under current FAA regulations, this unit is permitted in checked baggage only. Do not carry this unit on your person or stow in your carry-on baggage. For additional information, please visit [www.tsa.gov](http://www.tsa.gov).

This unit is designed for defensive purposes only and may not be possessed or used by a person under the age of 18.

**SAFETY AND STORAGE**

In light of the potential for serious skin irritation and, in extreme cases, of first and second degree burns, it is important to keep your unit out of the reach of children and irresponsible adults. Do not store it in an environment where the temperature may exceed 120°F as the unit may leak from over pressurization and fail to function properly. Each unit is marked with an expiration date, after which it should be discarded. Dispose of in accordance with state, local and federal regulations. Do not puncture the unit since it is under pressure and will discharge if punctured. Do not incinerate or place the unit in an environment where the temperature may exceed 120°F.

**LIMITED WARRANTY**

Mace Security International, Inc. warrants that your unit shall be free from defects in materials and workmanship which arise prior to the expiration date shown on the unit. Any implied warranties, including those of Merchantability or fitness for a particular purpose are also limited to the expiration date shown on the unit and any action must be commenced within 60 days following the expiration date. In the event a failure occurs due to materials or workmanship, Mace will replace a defective unit returned to Mace within 60 days following the expiration date shown on the unit. This warranty does not cover expired units and does not apply if the unit has been subject to misuse or abuse. Under no circumstance shall Mace be responsible for incidental or consequential damages with respect to economic loss or injury to person or property, whether as a result of breach of express or implied warranty, negligence, or otherwise. Mace will not be responsible for the result of careless handling or unreasonable use. This warranty gives you specific rights, and you may also have other rights which vary from state to state. Some states

do not allow time limitations on an implied warranty, or the exclusion or limitation of incidental or consequential damage, so the above exclusions may not apply to you.

**The following warning applies if this product is to be sold in New York State:**

Warning: The use of this substance or device for any purpose other than self-defense is a criminal offense under the law. The contents are dangerous—use with care. This device shall not be sold by anyone other than a licensed or authorized dealer. Possession of this device by a person under the age of eighteen or by anyone who has been convicted of a felony or assault is illegal. Violators may be prosecuted under the law.

**PRECAUCIÓN: El aerosol de pimienta para defensa personal puede tomar algunos segundos en funcionar y quizás no sea un método efectivo de defensa contra gente enfurecida, drogada o intoxicada o contra asaltantes armados. Por favor lea la siguiente información importante:**

■ Usted debe probar periódicamente el funcionamiento de su unidad, descargándola una o dos veces, al aire libre en un lugar seguro y libre de personas o mascotas alrededor. Tenga cuidado de no descargar completamente la unidad con la cual contará como defensa.

■ Sumejor protección evitara situaciones potencialmente peligrosas en lo posible. Siempre sea consciente de lo que pasa a su alrededor y de la gente que lo rodea. Esté especialmente alerta después del anochecer. Haga todo lo posible por escaparse de un asaltante antes de recurrir al uso de su aerosol de pimienta.

**INSTRUCCIONES DE USO**

■ Cuando sienta que está en una situación potencialmente peligrosa, mantenga la unidad a mano y lista para usar. Gire para desatar el botón de liberación que brilla en la oscuridad. Ahora está lista para rociar directamente de frente al asaltante, presionando el botón de liberación con su dedo. Apunte y rocie descargas intermitentes cortas sobre el rostro de su asaltante. La fórmula es más efectiva al entrar en contacto con los ojos. Continúe rociando hasta que su asaltante quede incapacitado, luego refresce a un lugar seguro lo más rápido posible. No intente restringir o detener al asaltante por su propia cuenta—podría lesionarse. Contacte al departamento de policía esta vez que se encuentre en la unidad. La unidad está diseñada para rociar descargas intermitentes cortas al área del rostro. La fórmula es más efectiva al entrar en contacto con los ojos. Continúe rociando hasta que su asaltante quede incapacitado, luego refresce a un lugar seguro lo más rápido posible.
